**INTERNATIONAL
CONFERENCE**

On

LAW & FORENSIC JUSTICE

March 5-6, 2022

ABOUT THE ORGANISERS

NATIONAL FORENSIC SCIENCES UNIVERSITY

The National Forensic Sciences University (erstwhile Gujarat Forensic Sciences University) is the world's first and only University dedicated to Forensic and allied Sciences. It was established with an objective to facilitate and promote studies and research and to achieve excellence in the field of forensic science in conjunction with applied behavioral science studies. Considering the role, importance and contribution of erstwhile GFSU, the GOI elevated GFSU as NFSU under the Ministry of Home Affairs and also accorded a special status of "An Institution of National Importance" with effect from October 1, 2020.

SCHOOL OF LAW, FORENSIC JUSTICE AND POLICY STUDIES

The School of Law, Forensic Justice and Policy Studies has been established with the aim of imparting professional education with a special focus of forensic application in all allied areas of law and policy framework. The School aspired to be the leading provider of forensic justice understanding to all professionals from different areas of governance including justice administration.

INDIAN COUNCIL OF SOCIAL SCIENCE RESEARCH

The ICSSR was established in the year of 1969 by the Government of India to promote research in social sciences in the country. ICSSR provide grants for projects, fellowships, international collaboration, capacity building, survey, publications etc. to promote research in social sciences in India. Currently, ICSSR supports a network of 29 research institutes, of which 24 are directly funded by ICSSR and 5 are recognized by ICSSR.

ABOUT THE CONFERENCE

Law & Forensic justice is a wide concept that paves the way for easy as well as quick access to justice to people seeking it and also helps in prevention of crime. With this conference a step closer is being taken towards familiarizing ourselves with what law is and with the continuously evolving world, it will also be highlighting how offences are altering themselves and modifying their forms along with the identification of new offences by our society.

Forensic scientists examine the associations among people, places, things and events involved in crimes. Forensics play a pivotal role in establishing rule of law and in recent times, the importance of forensic justice has increased. In the year 2003, 'The Malimath Committee's Report' on 'Reforms of Criminal Justice System' had mentioned the low level of application of forensic science in criminal investigations in the country. It has not taken off due to a host of reasons. But it is prudent to use forensic evidence to help decide cases justly and conclusively.

International Conference on Forensic Criminology, Law and Justice aims to bring together leading academic scientists, researchers and research scholars. The conference aims to provide a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns in delivering justice and also to highlight practical challenges encountered and solutions adopted. Topics chosen for discussion are areas of justice delivery system that are emerging and can provide adequate guidance through proper study and analysis.

CONFERENCE OBJECTIVES

The "International Conference on Law and Forensic Justice (ICLFJ) 2022" specifically aims:

- To study the versatility of forensic justice & Law
- To study about the various fields of forensic sciences which are assisting the criminal justice system
- To understand the need of forensic science in Examination of evidences
- To study about the admissibility of the forensic evidence in the Indian judicial system.
- To discuss the way forward for the of nexus of forensic justice and law, and also the challenges ahead.

CALL FOR PAPERS

“International Conference on Law and Forensic Justice (ICLFJ)” invites well researched original papers from amongst professionals, academicians, practitioners, research scholars, administrators, students, social activists, and the representatives of governmental and non-governmental organizations for presentation on following themes and sub-themes:

THEME 1: The Role and Impact of Forensic Evidence in the Criminal Justice System
